## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on November 18, 2002 was considered by the Examiner.

### ***Claim Rejections - 35 USC § 102***

2. Claim 55-56 are rejected under 35 U.S.C. 102(b) as being anticipated by German Patent Gebrauchsmuster G 86 04 004.9.

German Patent 86 04 004.9 teaches all the limitations of the above claims including an elongated metal connector profile track (5) with base (7), a projection (8), top portion identical extensions (6), vertically extending protrusions (9) spaced from and on either side of projection (8).

### ***Claim Rejections - 35 USC § 103***

3. Claims 57-58 are rejected under 35 U.S.C. 103(a) as being unpatentable over German Patent Gebrauchsmuster G 86 04 004.9.

German Patent 86 04 004.9 teaches all the limitations of the claims except specifically that the projections and protrusions extend the entire length of the connector. It would have been obvious for one skill in the art at the time the invention was made to extend the protrusion and the projections the entire length of the connector requiring only routine skill in the art and as suggested by Figure 2 of the Foreign Patent 86 04 004.9.

***Response to Arguments***

4. Applicant's arguments with respect to claims 55-58 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Martensson WO 00/20705 .

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
